Business Name _____ Type of Business _____

Address _____

City _____ State _____ Zip _____

Telephone: Business _____ Home _____ Cell _____

FAX _____ E-Mail _____

Employer _____ Job Title _____

Have any GO MINI'S prospective principals ever filed for bankruptcy? _____ If yes, please explain under separate cover.

Prospect Self Qualification

To open a GO MINI'S Dealership requires a first-year investment of \$500,000 or more. The first year investment can be lower if you have an existing business location to be used in conjunction with your GO MINI'S Dealership. This amount includes initial container inventory plus first year growth, a transport truck, lease deposits and other start up expenses. Depending on your borrowing capability and your business or personal assets, 20% or more of the initial investment would need to be cash on hand. You would need to have assets sufficient to collateralize borrowing for containers and would likely be required to make down payments on financed containers of 10% to 20% of purchase price.

Do you have...

...cash on hand of at least \$100,000? Yes ___ No ___ Amount \$ _____

...available collateral assets of at least \$400,000? Yes ___ No ___ Amount \$ _____

...if an individual, do you have other sources of income for your primary means of support for one year? Yes ___ No ___

If you feel you have self qualified meeting the basic requirements, please continue.

A GO MINI'S Exclusive Dealership Territory is typically defined by county or metro area boundaries with a population of 400,000 or more. Smaller territories operate effectively if tied to another business or are owner operated and should not be ruled out due only to population. Investment requirements for smaller territories can be substantially lower and operating efficiencies higher.

Where would you like to open your GO MINI'S dealership? _____

A GO MINI'S Dealership can be opened in as little as 45 to 60 days depending on circumstances (have existing business, site already available, etc.). A typical opening including leased site acquisition, ordering containers and truck and completing other pre-opening tasks is 60 to 120 days.

When would you want to open your GO MINI'S dealership? _____

A GO MINI'S Dealership is a non-labor intensive business that can be operated with an owner/manager, a driver and an office employee. Starting out, an owner can perform all tasks but will need to add assistance quickly in order to grow. One truck and one driver should get you to 100 containers.

Who will be the General Manager of your GO MINI'S Dealership? _____

NON-DISCLOSURE AGREEMENT

I hereby acknowledge that GO MINI'S LLC, in response to my interest, has agreed to reveal to me multiple forms of confidential information relative to its operations and business opportunity. This confidential information includes pricing, dealer agreements, equipment design and use and methods and procedures used by its dealers. I hereby agree not to use this information to start, design or create a business directly competitive with GO MINI'S or to share this information with competitors in the portable moving and storage industry. I understand that this agreement DOES NOT preclude me from exploring other franchise or business opportunities relative to portable moving and storage.
