

RELOCATION RESOURCES

KNOW THE NON-ALLOWABLES

WE CAN HELP YOU MOVE & STORE MANY ITEMS, BUT THERE ARE A FEW THAT WE CAN'T.

We are happy you selected Go Mini's to assist you with your moving and storage needs, however there are a few things we won't be able to transport to your new location in our containers. Please make note of these **non-allowable items** and be sure you remove them from your boxes prior to moving day.

- Darkroom Chemicals
- Pool Chemicals
- Motor Oil
- Car Batteries
- Fertilizer
- Pesticides
- Poisons (ie. weed killer)
- Frozen Food
- Produce
- Plants
- Refrigerated Food
- Open/Used Foods

OTHER ITEMS TO BE AWARE OF

Personal Valuables and Documents: We suggest that irreplaceable items and/or sentimental items be carried with you instead of being packed with your other household belongings. This suggestion is especially important if your shipment must temporarily be placed in storage until final delivery.

Heat Sensitive Items: We suggest that heat sensitive items not be packed with your household belongings. This suggestion is especially important if your container must temporarily be placed in storage until final delivery.

Please Note: Any items on this list are loaded at your own risk.
